First coeducational floor due to mistake

By Diana Douglass
Of The Archway Staff

For the first time since Dorm 14 opened in 1979, there is a co-ed floor. This split floor is the result of an overlooking of freshman girls so the 3rd floor south, which would normally be a boys floor, is half girls.

Zaya Oshana, the Resident Assistant of the floor, feels there's not really any major differences, "but it's better." For instance, the floor seems to mingle more instead of forming cliques. Also, according to Zaya, there doesn't seem to be as much vandalism on the boys side as compared to the all-males floors. There seems to be more destruction on the girls side—typical of any girls floor since they have a tendency to attract upperclassmen.

Zaya concedes that being responsible for both males and females has caused some unique problems but all in all, he prefers it to a single sex floor.

The students on the floor basically agree. Many commented that they are closer than other floors and are like brothers and sisters to each other. As one girl commented, "I'm really happy to live on this floor, I'd rather live here than any of the other floors."

According to Dawn Johnson, Resident Director of Dorm 14, last year was the first year the dorm was co-ed by floors, before that the North side of the building housed males and the South side housed females. The dorm is set up to accommodate more females than males with a capacity of 168 women and 122 men. Including the tripled rooms, the dorm now houses 178 women and 136 men.

Mrs. Johnson commented that the floor was made co-ed "Out of necessity" and so far they have "had no problems with it." She doesn't foresee converting the other floors in the dorm to co-ed, but if students really show interest she would "certainly take a look at it."

Residents of the mistakenly coeducation floor in Dorm 14 apparently enjoy the error.

Bryant student becomes celebrity of sorts'

By Ben Edwards
Of The Archway Staff

Bryant Senior Bill Henry, right, poses with his identical twin, Timothy.

You would never know he was unique if you saw him wandering around the Unistructure. Just another average Bryant student, that is how some might describe Bill Henry, a senior Criminal Justice major. Bill tended to view himself in these same terms, until recently. Then it happened: in a matter of weeks he would be the subject of a front page article in the Providence Journal and an upcoming feature on P.M. Magazine. Soon after, a call from the University of Minnesota would offer him an "all expenses paid" trip to the University over the semester break. Suddenly, mild mannered Bill was no longer your average Bryant student, he had become a "celebrity of sorts" in the eyes of both friends and acquaintances. Phone calls at home causing an "invasion of privacy" soon made

him realize that "being a celebrity isn't all that it's cracked up to be." But why all this publicity? To find the answer, we turn our clocks back in time; the date is November 9th, 1961, the place, Providence, Rhode Island...

Two sons were born that day, both premature, one weighed 4 pounds, 2 ounces and the other, a scant 3 pounds, 2 ounces. Both boys were put up for adoption by the same agency. Mr. and Mrs. Carpenter of Cranston elected to adopt the heavier of the two children, at the age of 10 months. They would soon name him Timothy. The Carpenters, however, were never informed that their new son had an identical twin brother. Five months later, the remaining twin would be adopted by Mr. and Mrs. Henry of Warwick, Rhode Island. The young child would be named William. The Henry's were also never informed of their son's twin.

Great American Smokeout

Tips for kicking smoking habit

Noreen Mattis
Health Educator

The Great American Smokeout will be held here at Bryant on November 18, 1982. The following is a list of "Quit Tips" for those of you who decide to kick the cigarette habit on Smokeout Day.

Don't carry a lighter or matches; hide all ashtrays.

When the urge to smoke hits, take a deep breath. Hold it for ten seconds, then release it slowly. Taking deep, rhythmic breaths is similar to smoking only you'll inhale clean air, not poisonous gases.

Exercise to help relieve tension. Climb stairs rather than take the elevator, park the car a block or two from your destination and walk the rest of the way. At home, practice touching your toes, jog in place, do jumping jacks.

Wrap your cigarettes in a sheet of paper, then a rubberband. If you must reach for a cigarette, you'll have more difficulty getting to one and may change your mind.

Cleanse your body of nicotine. Drink liquids - lots of them. Water (6-8 glasses), herbal teas, fruit juices, and caffeine-free soft drinks all fit the bill. Pass up coffee, caffeinated soft drinks and alcohol, as they can increase your urge to smoke.

Eat rather than smoke, but stick to low caloric, high nutritional foods: fresh fruit, crisp, crunchy vegetables. Substitute sugarless gum for a cigarette. Other temporary "pacifiers" to keep on hand: lemon drops, pumpkin or sunflower seeds, apple slices, carrot sticks, unbuttered popcorn. Avoid spicy foods that can trigger a desire for cigarettes.

Change your habits connected with smoking. Leave the dinner table soon after eating to avoid the desire to light up. When answering the phone, reach for gun rather than a cigarette.

Spend the day with friends who don't smoke. Visit places where smoking is prohibited: a library, theater, department

store, or museum. Watch movies from the "no smoking" section; travel in the "no smoking" car of your commuter train. Revisit places where you've illegally smoked in the past (elevators, supermarket) and enjoy not feeling guilty.

Get rid of smoker's breath by brushing your teeth.

Townhouse entertains unexpected dinner guest

By Kathleen Smith
Of The Archway Staff

Sunday evening, townhouse C-1 was bestowed the honor of having Pepe LaPue, well-known cartoon skunk, over for dinner. He was all decked-out in his black and white suit when he spied the open door. Being no dummy, he promptly walked in and made himself at home.

One of the tenants had been moving furniture into the townhouse and was on her way to close the door when the skunk made his appearance. The girl, who prefers to remain anonymous, hastily grabbed the phone so she could call security and jumped onto the kitchen counter to avoid getting in her guest's way.

While the worried hostess was waiting for security to help her out of her predicament, Pepe decided he needed a little something to tide him over. After all, one whole day had passed since he had ransacked the garbage in front of the neighboring townhouse.

Seemingly occupied with the gastronomic delight at hand (or at snout as the case may be).

he rudely ignored his hostess and dug right in to the glad bag on the floor. When security arrived, they "threw the book at him" - the phone book - as a subtle way of asking Pepe to leave. The skunk, totally missing the hint, decided to stay for dessert.

The two security officers, using all resources at hand made a trail of Double Stuff Oreos Cookies from the kitchen to the back door. Officer Lawson said "we used four cookies to the door and one to go."

Thus, the ignored, distressed, and by this time hysterical hostess was able to get down off the counter and relax. The skunk was kind enough not to leave a whiff of his scent behind. He did, however, leave cookie crumbs on the floor. His hostess said, "I don't mind cleaning up after him, but I don't want to see the little stinker ever again!"

An all-points bulletin has been put out by the Physical Plant Department for a little guy wearing a furry black jacket with a white racing stripe down the back, and answering to the name of Pepe. Anyone seeing the little varmit is advised to run in the opposite direction of up-wind and to call security.

EDITOR'S CORNER

The Quality of Student Life Committee is currently researching a proposal that would allow dancing on Wine and Cheese nights (Wednesdays) in the Pub.

The proposal faces opposition from the administration. Some feel dancing would make students rowdier, and disrupt the academic air of a weeknight. Others feel the atmosphere of the Wine and Cheese nights would be changed to a mixer-like event.

As for ruining the academic atmosphere, allowing dancing could not accomplish this. To be accepted into a college such as Bryant, one must have displayed some amount of maturity and judgement somewhere along the line, and providing a midweek social outlet for students who feel they need one, is necessary. If one feels he has accomplished all he has to and can give himself a "night off", then a night out and away from the books and the tube is a reward.

Also, with the implementation of the SEALS program, which would allow minors into Wine and Cheese, dancing on these nights is a way for underclassmen to rub elbows with the upperclassmen. What better way to bring all strata of students together than through a social event?

Dancing is a physical activity, and studies have shown physical activities can help reduce stress (and there certainly is stress on a college campus). Also, when students are dancing, they are not drinking.

In addition, organizations sponsoring these events will have greater freedom in choosing bands, and this will in turn affect the success of the event. The better the bands, the more people will attend, and the more money the organization will make.

Wine and Cheese nights can be toned down, by compromising. Allowing some space for dancing, such as removing a few of the front tables, would be sufficient.

At times, a midweek release is a welcome blessing. By implementing a "no dancing" policy, the administration may be pigeonholing students into venting tension and stress into the weekends, and the consequences may be worse.

THE OPINIONS

Safety Committee urges driving care

To the Editor:

The members of the Safety Committee would like to take the opportunity to speak to the members of the Bryant Community on some of the matters which have been brought to our attention.

In order to make the issue of Bryant Safety more prominent, we have asked the President to designate next week, November 15 - 19 as Safety Awareness Week At Bryant College. President O'Hara agreed, and said, "we can all be proud of our safety record at Bryant." He feels we can attribute our success so far to the concern the members of our community have for one another.

To help us observe this week, we are asking all of you to be especially observant of situations which could be potential safety hazards, and to report them to one of the members of the committee: Ray Fogarty - Chairman, Bob Gardner, John Falardeau, Jann O'Leary, Chantee Lewis, Gary DiMeo, Lisa Surmeian, Bob Misiaszek, Lola Handy or Theresa Daigle.

From time to time, we will be including safety tips and comments in both the Rotunda and *The Archway*. This week, we would like to mention two issues addressed at our last

meeting. The first is in regards to drivers in the commuter parking lots. It was brought to the committee's attention that exceeding the speed limits in these parking areas was a serious problem, especially when cars are emerging from parking spaces and entering the traffic flow onto Jacobs Drive. We have a good record of few moving traffic accidents, and if everyone is careful to observe the speed limit and the stop signs, these few accidents could also be eliminated.

Another potential hazard is the curve on the back drive between Mowry House and the Financial Aid Building. Motorists approaching that corner cannot see oncoming cars or pedestrians crossing the road, therefore, it is most important that drivers use caution on that road and be on the watch for both people and vehicles.

Safety is something we don't think of until after an accident occurs. Bryant is a beautiful and safe place to work and go to school. Let's keep it that way by becoming aware of potential hazards, and report them before they become accidents.

Safety Committee
Ray Fogarty (Chairman)

Bryant Smokeout declared

Whereas, it has become common knowledge that cigarette smoking is damaging to health, and

Whereas, surveys have shown that a large percentage of smokers are eager to give up the habit, and

Whereas, during the past two years, millions of smokers enjoyed participation in the Great American Smokeout, a day on which they give up cigarettes for just 24 hours, and

Whereas, a substantial number of those who gave up cigarettes for the day were able to give up the habit entirely, and

Whereas, this demonstration of success

suggests that the Great American Smokeout, while light-hearted in approach, has potential for improving the health of the staff and students of Bryant College.

Now, therefore, I, William T. O'Hara, President of Bryant College, do hereby proclaim Thursday, November 18, 1982, as the day of the Great American Smokeout at Bryant, and, in so doing, urge all cigarette smokers to try giving up cigarettes on that day.

William T. O'Hara, B.A.; J.D.; L.L.M.;

Test your trivia Tuesday

By Jay Weinberg

Tuesday night at 7:30 the Bryant Tupper Bowl will present its fifth event: Trivia Night. Each dorm will have one team which may consist of up to ten people. Trivia night will be held in the Pub. Anyone may participate and spectators are all welcome. Like last semester, there will be a preliminary round, followed by a final round with the top 5 dorms competing. So start tuning up on your trivia. Remember, Tuesday Night in the Pub at 7:30. Here are some sample questions:

1. What character did Roger Moore play in the TV series "The Saint"?
2. Who was the model who appears on the TV quiz show "Let's Make A Deal"?
3. Who was the celebrity who won the top prize on both "The \$64,000 Question" and "The \$64,000 Challenge"? Her subject was Boxing.

Answers:

1. Simon Templar
2. Carol Merrill
3. Dr. Joyce Brothers

Pool utilized for fitness program

By Ben Edwards
Of The Archway Staff

Last semester, rumors were spreading that the pool in the Unistructure would be cemented in to make room for office space. Apparently, some administrators felt that the pool wasn't being used enough and the high cost of pool maintenance deemed it uneconomical. To date, no cement trucks have been seen in the vicinity of the Unistructure and it appears that the pool is here to stay.

Recently, a swim club was organized here at Bryant. The club is implementing a program that intends to increase pool usage. The "Swim and Stay Fit Program" is sponsored by the American Red Cross and is being coordinated by Swim Club President Paul Labovitch. Currently, twenty students and three faculty members are involved in the program.

Members of the "Swim and Stay Fit Program" record their swim mileage on a wall chart that is posted in the pool area. Entries on this chart are made in the 1/4 mile segments, with 25 pool lengths equal to 1/4 mile. The Red Cross provides all members with wallet size

record booklets that can be used to keep track of mileage.

Award certificates are presented for 10, 20, 30 and 40 miles of swimming. The "ultimate goal" of the program is to reach the 50 mile mark. At this point, a certificate and patch is awarded.

"The Swim and Stay Fit Program" is open to all members of the Bryant Community. Mileage may be compiled at the swimmers' leisure during the regular pool hours:

1:00 p.m. - 10:00 p.m. Monday - Thursday,
1:00 p.m. - 6:00 p.m. Friday, and 2:00 p.m. - 6:00 p.m. on weekends.

Carilli chosen as O'Hara assistant

By Robin DeMattia
Of The Archway Staff

Bryant College President William T. O'Hara has a new face in his office, in the form of Executive Assistant Joseph Carilli.

Carilli heard of the position through a mutual friend of Dr. O'Hara's and his, Dr. O'Hara was looking for someone who had a management background, experience in a college atmosphere, and had a legal background. Mr. Carilli fit this description.

Carilli retired in 1981 from the Coast Guard, ending twenty years of service. He retired with the rank of Commander.

For the past years or so he has been working as an attorney in a firm in New London, CT. He has studied at schools from coast to coast

and has even taught at a few places. He is also a registered professional engineer.

So far Carilli says he feels Bryant is "interesting and very scenic." He says everyone he has met has made him feel comfortable and therefore his job so far has lacked pressure. Mr. Carilli added, "There is a lot of challenge to the job though." He's said he is glad he can use his background with management and legal background.

In his spare time, Mr. Carilli likes to coach his son's hockey league, and is a part-time coach for his daughters swim team. He likes to run, and he collects coins and stamps.

Mr. Carilli lives in East Lyme, Connecticut, with his wife and their three children. He has been married for 18 years.

Joseph Carilli is the new assistant to Bryant College President William T. O'Hara.

Dancing, syllabi now before Senate

By Richard Berrie: Freshman Senator

Welcome back to the wild, wild, world of Senate News. There are a few interesting topics that were brought up this week as well as some answers to a few questions brought up previously.

Old News

* **Quality of Student Life - Dancing at Wine & Cheese.** This topic was brought up by the committee in response to a statement by Resident Life to the effect that dancing causes disturbances in the Dorm Village.

What was discussed was the validity of this statement and should this policy continue. The Senate as a whole was asked by the Quality of Student Life Committee to support their opposition to the "no-dancing" policy. The Senate by a unanimous vote decided to support the Quality of Student Life's venture in changing the "no-dance" policy.

* **Task Force - Graduation caps & Gowns** - Caps and Gowns will have to be purchased this year by the senior class. Originally, the school store was to handle the sale of caps & gowns but the Task Force has tried to find an alternative way to sell the Caps & Gowns so as to reduce the cost to students. Ideas such as having the Sophomore Class handle the sale and also having fund raisers to defray the cost to the senior class has been discussed.

New Business

* **FLAC (Faculty Liason Academic Committee)** - Question was raised as to the occurrence of some faculty not presenting syllabuses to the class at the start of the semester.

Also questioned was the effect of Teacher evaluations on the faculty when they are not responsible for submitting these evaluations to Department Chairmen.

* **Poster, Paint, and Signs** -

- New Format for Organizational team club board
- Paper Drive - Recycle used paper.

Go public with your plans to quit by telling all your friends. Ask them to help keep you from backsliding. Ask family and co-workers who smoke not to do so around you. Promise someone a dinner if you return to smoking.

Use money you save from a day of not smoking: make a 3-minute, long-distance phone call to an old friend; play 3 games of Pac Man; play 3 favorite songs on a juke box; take a chance on a lottery ticket.

Pat yourself on the back. Quitting smoking is hard and you deserve credit for your efforts.

Treat your body and soul with kindness. Indulge in a bath, massage, nap. Listen to your favorite music. Enjoying these activities in the absence of smoking will help you realize that you don't need a cigarette to have a good time.

Sixth annual Smokeout celebration schedule set

Giving up cigarettes is cause for celebration. Every year the American Cancer Society offers smokers a chance to have fun while they're trying to quit. The occasion is the Great American Smokeout, a day smokers around the nation try to go a full 24 hours without cigarettes. This year smokers at Bryant College are invited to put their habit aside... with pleasure... on November 18th.

The Great American Smokeout will celebrate its sixth anniversary this year, yet at Bryant it is a welcomed first-time event. Festivities begin on Wednesday, November 17th, the night before the Smokeout, with a kick-off rally at 6:00 p.m. in the Rotunda featuring a celebrity guest. A cigarette disposal bin will be unveiled, and Dr. O'Hara's official Proclamation will be read at this time. Everyone is encouraged to attend this lively gathering.

Finally on Thursday, November 18th at 12 midnight the Smokeout begins. During the day there will be displays in the Rotunda with free literature, buttons, and pledge cards. With a pledge card you're entitled to a free candy from the Candy Store to help you survive without a cigarette. To help you keep away from your cigarettes, PAC MAN will be in the Rotunda all day devouring those "unwanted smokes". In addition to all of this, there will be 3 movies shown hourly in Room 275 - 276. They are, "The Lets Quit Quiz", "The Feminine Mistake", and "Let's Call it Quits". Stop by any time to watch.

So if you are a smoker, pledge to give it up. If you are a non-smoker, pledge to help someone give up smoking. Either way you win, because the Great American Smokeout offers us all a well deserved holiday... a day off from smoke. That's worth celebrating!

Sigma Lambda Theta

Well kids, it's Friday again and it's time to tune in for "As Theta Turns". When we last left our show Mary Anne Horan and Gary Remley were about to continue the TE-Theta Tradition! Once again we continued our tradition and placed second in Personality Weekend. Of course everyone knew we have personality but now TKE really knows (Are we invited back?). We would like to congratulate APK, KT, and Beta on their successful weekend.

Last Friday we held our annual smoker which turned out to be a great success! It was great to see Janyne, Ruth, Judy, and Lu Anne. Mare: How's Mad dog?

We would like to announce the new line of Theta girls and Francine. It is now appearing at the Lincoln Shop in Lincoln Mall.

Many of our characters won't be appearing this weekend due to road trips. Jennifer: don't stall in Boston again! Karen: I hope you don't get lost in New Hampshire! Can you two handle the excitement after spending last Saturday night watching Spanky sleep?!

This week we have a little quiz for our fans! The questions are as follows:

1. Would Lisa like to go swimming again?
2. Did Maureen really like Ruth's dog?
3. Has anyone seen Nancy?
4. Has Julie finished her program yet or does she still need Tom to help?

Bonus Question: Did Joanne really go outside for the fire drill?

Tune in next week for the continuing saga of "As Theta Turns" and find out about our upcoming Tea which will be November 21, 1982.

Each year new leadership grabs a hold on the organization and new ideas rush through. Change is always constant but no one ever likes change. From new ideas new births and adoptions are implemented that alter and improve the environment of constancy.

Amount last week's events Andrew Petker gave birth to twelve baby bounding Bryant sweethearts. Andrew Petker - chairperson and right hand man of the Wright dictatorship implemented the TEP sweetheart program.

Many girls were considered, but few were honored by being asked the obvious question. A formal reception took place where all

participated. Greetings, exchanges of congratulations, and kisses ascended upon the reception.

The following day a "Leave it to Beaver" sweetheart meeting had 95% attendance ratio. Everyone enjoyed the program and all discussed the commercial interruptions and side-effects they had on the children watching the program. Congratulations again TEP sweethearts!

Happy Friday to all!

Last weekend was our infamous "Blue Death" night. J.O., Jude, and Pin dropped in for a visit. It was quite a wild event for all who can remember it!

Congratulations to Laurie Rubeck and her escort Matt McDonough for winning an award for Personality Weeking Judging! Good job Blues Brothers!

This past Tuesday was SIX's annual Smoker. Many dear distinguished Alumni honored us with their presence. Such as Amy-O., Doobee, Busty, Mini, Niffer, Kim, and Jude. We showed a slide show, entertained everybody, and better informed freshmen what SIX is really about. It was really a fun evening!

Last weekend we held a "Hats off to Six" happy hour! It was a heck of a wild time!

This weekend since it's a long holiday weekend - we're not having a happy hour. Sorry girls! We're still open for suggestions!

Our Co-ed volleyball team is going very strong. The "Sigma Psychos" are on the road to success - move over other teams.

Next week is preregistration. You know, that gross time of each semester where you wait in line for 1½ hours and end up with 58 a.m.'s and 2 3:15's. Anyway - good luck and hang tough!

Hope everybody has a great weekend - go wild! Aloha until next week.

The football team clinched a playoff spot this past Monday. TE team is waiting for the rest of the teams to finish their seasons to determine if we finished first or second in our division. The team's final record was 9-3 and

all set for the playoffs. The team unveiled a new secret weapon in Charlie Katnip, who has the ability to run between the defensive players legs, which had the other team totally baffled.

Both hockey teams started their seasons on the right foot with impressive victories. The teams look strong especially the A team. Danny I hope you put more of an effort into the weekend than you exert in a game. The co-ed volleyball teams started out slowly but have put things together as of late. The Spikers are 2-2 while the Scorpion bowls played like they had been consuming too many Scorpion bowls before they play. The only thing posing a problem for the Spikers is the return of granny.

Last weekend some of the brothers had some friends up for the weekend. Steve what's Bean's first name, String, green, or lima. He acted baked to me. It must be something in the water up in Canton. Dumper don't laugh. I guess after you were thrown into the pond your friend had an urge to mate with the Loch-ness Monster. He sure did try, but so did a brother once... Right KB. I'll be back next week with better material, I hope.

would like to congratulate the winners of Personality Weekend. Special thanks go to our candidates Diane Rodrigues and Rich Albert. A fine job!! Last week our Greek News was not published, why we do not know. Our annual Spaghetti Dinner will be coming up soon. Read Greek News next week for further details. It should prove to be an excellent time as usual. Last weekend another sister made her grand appearance, how did it feel Sue? On Saturday night some of our sisters took a trip to the "Metro"? What happened - were we really there? Gotta love the road trips to Country Kitchen!! Haven Brothers who? This week the sisters were busy studying so this weekend we'll be going wild. On Saturday night we will have our party with the brothers of KT. Get ready for an excellent time. Get psyched for next week's exciting news. Until then...

In the news this week is our successful alumni weekend. Those alumni can still party up a storm. The banquet at Bell Farms at which close to 30 alumni attended was a great time. It was especially gratifying seeing Rommel of the Desert and Roger Alston from the early 60's. Boy that Rommel is one slick dude. I'd like to thank Greg for putting on this weekend. I'd also like to thank all the white women who kept the alumni happy. My

Congrats to Gary, Maryann, Matt, and Laurie who also placed.

Weekly meetings are held in Room 255 at 3:30. Upcoming events include our Thanksgiving fundraiser, caroling, and "Grease".

Freshman Class Committee

Our class is planning a candy cane sale which will begin when we return from Thanksgiving Vacation. The Freshman Senators would appreciate any help in planning and publicizing this event. If you are interested in helping, please see one of the Senators or stop by the senate office. Also, the UCB Grinder Night planned for November 15, has been cancelled.

sympathies go out to Campy for losing a white woman to Mike Levy (Good move Levy). Campy I'm also sorry you had to put up with our trashing of the suite but Garno just had it coming.

In other news there has been a new disease discovered on the floor. This disease has been recognized as Cranioburno-itis or the loss of brain cells. While this disease has been around for a while, it has just now been recognized as a disease. Some of those afflicted include 2, Bird, Thoe, Gene, Shelly, and Slats. Hopefully these unfortunate individuals will recover from this awful disease and regain some semblance of normality.

Well, Metro Night at the top of 2 was certainly a night to remember. Broken windows, broken bones, and blue hair were the topics of conversation the morning after. Hey Boski - Sugar Ray you're not, but Gretsky you are.

Speaking of Hockey, our A team got off to a bang with a 2-0 victory over TKE, and the B team tied with an exciting match of their own. Our Blue and Gold football team is headed for the playoffs and we wish them the best of luck. Way to go guys! Last but certainly not least is co-ed volleyball. Defending champs QEII continue their dominance over the league in the strong, while The Enterprise and Theta/Phi Ep remain undefeated in the weak division. Banner seasons are also anticipated in Men's V-ball and Hoop.

Belated congratulations are in order for our advisor, Mr. Jack Currier, and his wife, Edie, on the birth of their first grandchild. Again, congrats and best of luck Jack & Edie.

Finally, thanks to APK for a great party and to Delta Sig for your assistance Saturday night. Also, as usual there will be a social hour this afternoon at 3:30 on the top of two. All freshmen and independent men are invited to attend and rap with the brothers.

Our party on Friday night was another big success. Everyone had a great time until the late night fire alarm. An unexpected visit was paid by many of our alumni - Jim Ryan, Don Ho, Sticks, and O.B.

Our floor hockey team (TKE - A) was off to a bad start Sunday. We bowed to Phi-Ep - A by 2-0.

TKE's B-team (The Rolling Stoned) posted another football victory on Monday. They beat the undefeated Black Shadows by a landslide score of 21-6. They have won every game since the second week the season started.

teeth several times. Notice how much sweeter your mouth tastes when a cigarette isn't dangling from your lips.

Go public with your plans to quit by telling all your friends. Ask them to help keep you from backsliding. Ask family and co-workers who smoke not to do so around you. Promise someone a dinner if you return to smoking.

Use money you save from a day of not smoking: make a 3-minute, long-distance phone call to an old friend; play 3 games of Pac Man; play 3 favorite songs on a juke box; take a chance on a lottery ticket.

Pat yourself on the back. Quitting smoking is hard and you deserve credit for your efforts.

Treat your body and soul with kindness. Indulge in a bath, massage, nap. Listen to your favorite music. Enjoying these activities in the absence of smoking will help you realize that you don't need a cigarette to have a good time.

Sixth annual Smokeout celebration schedule set

Giving up cigarettes is cause for celebration. Every year the American Cancer Society offers smokers a chance to have fun while they're trying to quit. The occasion is the Great American Smokeout, a day smokers around the nation try to go a full 24 hours without cigarettes. This year smokers at Bryant College are invited to put their habit aside... with pleasure... on November 18th.

The Great American Smokeout will celebrate its sixth anniversary this year, yet at Bryant it is a welcomed first-time event. Festivities begin on Wednesday, November 17th, the night before the Smokeout, with a kick-off rally at 6:00 p.m. in the Rotunda featuring a celebrity guest. A cigarette disposal bin will be unveiled, and Dr. O'Hara's official Proclamation will be read at this time. Everyone is encouraged to attend this lively gathering.

Finally on Thursday, November 18th at 12 midnight the Smokeout begins. During the day there will be displays in the Rotunda with free literature, buttons, and pledge cards. With a pledge card you're entitled to a free candy from the Candy Store to help you survive without a cigarette. To help you keep away from your cigarettes, PAC MAN will be in the Rotunda all day devouring those "unwanted smokes". In addition to all of this, there will be 3 movies shown hourly in Room 275 - 276. They are, "The Lets Quit Quiz", "The Feminine Mistake", and "Let's Call it Quits". Stop by any time to watch.

So if you are a smoker, pledge to give it up. If you are a non-smoker, pledge to help someone give up smoking. Either way you win, because the Great American Smokeout offers us all a well deserved holiday... a day off from smoke. That's worth celebrating!

On Nov. 18th we're asking every smoker to quit for 24 hours. And we'll even help. Just ask us for a free "Larry Hagman Special Stop Smokin' Wrist Snapper" Red Rubber Band. You might find that not smoking can be habit-forming.

Well kids, it's Friday again and it's time to tune in for "As Theta Turns". When we last left our show Mary Anne Horan and Gary Remley were about to continue the TE-Theta Tradition! Once again we continued our tradition and placed second in Personality Weekend. Of course everyone knew we have personality but now TKE really knows (Are we invited back?). We would like to congratulate APK, KT, and Beta on their successful weekend.

Last Friday we held our annual smoker which turned out to be a great success! It was great to see Janyne, Ruth, Judy, and Lu Anne. Mare: How's Mad dog?

We would like to announce the new line of Theta girls and Francine. It is now appearing at the Lincoln Shop in Lincoln Mall.

Many of our characters won't be appearing this weekend due to road trips. Jennifer: don't stall in Boston again! Karen: I hope you don't get lost in New Hampshire! Can you two handle the excitement after spending last Saturday night watching Spanky sleep?!

This week we have a little quiz for our fans! The questions are as follows:

1. Would Lisa like to go swimming again?
2. Did Maureen really like Ruth's dog?
3. Has anyone seen Nancy?
4. Has Julie finished her program yet or does she still need Tom to help?

Bonus Question: Did Joanne really go outside for the fire drill?

Tune in next week for the continuing saga of "As Theta Turns" and find out about our upcoming Tea which will be November 21, 1982.

Each year new leadership grabs a hold on the organization and new ideas rush through. Change is always constant but no one ever likes change. From new ideas new births and adoptions are implemented that alter and improve the environment of constancy.

Amount last week's events Andrew Petker gave birth to twelve baby bounding Bryant sweethearts. Andrew Petker - chairperson and right hand man of the Wright dictatorship implemented the TEP sweetheart program.

Many girls were considered, but few were honored by being asked the obvious question. A formal reception took place where all

participated. Greetings, exchanges of congratulations, and kisses ascended upon the reception.

The following day a "Leave it to Beaver" sweetheart meeting had 95% attendance ratio. Everyone enjoyed the program and all discussed the commercial interruptions and side-effects they had on the children watching the program. Congratulations again TEP sweethearts!

Two brothers, separated in infancy would grow up only 8 miles apart without the slightest clue that one another existed. Strange things began to happen to both boys during their high school years, and destiny would soon bring them together.

Bill attended Bishop Hendricken High School in Warwick, while Timmy went to Cranston East. During this time, the boys were constantly being mistaken for one another. After a while, they became tired of saying "Sorry, I'm not who you think I am" and the response became "Yeah, I know, I don't want to hear it anymore."

In 1977, Bill's sister Debby took a job as a cashier at Ann & Hope. One day she noticed a boy who had a striking resemblance to her brother. When she finally tracked him down she asked him a number of questions, only to find that his birthdate was the same and he was also adopted. Tim told Debbie that he would be interested in meeting Bill and an arrangement was made. They would both attend the Bishop Hendricken - Cranston East football game in two months.

It was late October of 1977, Halloween weekend, to be precise. There was a chill of expectation in the air, as two brothers who had been separated for nearly 15 years were about to be reunited.

They felt awkward as they looked at each other, neither could see a true resemblance. Tim had a mustache, long hair and weighed about thirty pounds more. Bill stood about 1 1/2 inch shorter. But, it wasn't difficult to convince their friends though, and once the boys exchanged jackets, anyone in the Stadium that afternoon was the easy victim of a good practical joke.

Since that meeting, Bill & Tim have been getting together frequently. During this time, Bill was accepted into Bryant College and he began his freshman year. He remembers telling his new friends at Bryant the story about his look alike brother, Timmy. "No one would believe me" he recalls. Well, "seeing is believing" as the saying goes and Bill planned to bring Timmy to a party at Bryant.

THE ARCHWAY

With his photographic memory, Bill remembers the date, November 2nd, 1979, "almost exactly the two year anniversary of our reunion." Bill didn't have a car at the time so he "copped a ride" to Tim's house from a friend, Dana Litman. As Dana and Bill sat down for dinner with Timmy and his parents, Bill remembers the look on Dana's face. "He

and weren't curious enough to find out the truth," Timmy, however, took the initiative to find the truth, last August. He hired a lawyer, who helped the boys make an appointment with the Reverend George L. Frappier of the Catholic Charity agency in Cranston. By law, the Reverend couldn't answer all their questions, but the boys discovered what they

"The sight of Bill and Timmy standing together in the doorway made his face grow pale... he could only utter two words... 'Holy Sh--!'"

just stared at us, looked back and forth about a dozen times and, repeated "I don't believe it over and over again." Finally, someone believed Bill was telling the truth and before that night was over, they all believe him. As soon as they finished the meal, it was time to head back to Bryant to "blow some minds."

The party they were to attend that night was in, of all places, the freshman dorm. Both Bill and Timmy wore brown leather jackets as they approached Dorm 14. Tim walked in first with Dana, just as an unsuspecting friend of Bill's, Jim Parisi, was about to leave. Jim greeted Timmy with a "How's it going Bill" and as he walked past them, Bill entered the dorm. Bill nonchalantly said "Hi Jim" and the later was "sent into a state of shock and confusion". After this brief, but humorous meeting in the lobby, the three pranksters made their way to the party. As they entered the room, they noticed that everyone was sitting in a circular fashion and only one person in the gathering had his back to them. Shouts of "Oh my God" and "I don't believe it" filled the air and then the clincher came. That one lone person, wondering what all the commotion was about, slowly tilted his head back. The sight of Bill and Timmy standing together in the doorway made his face grow pale... he could only utter two words... "Holy Sh--!"

At this point in time, the boys did not know if they were actually twins or not. Bill Henry remembers "we just took it for granted that we were brothers. We were too busy being kids

and suspected for five years, they were, in fact, identical twins.

Recently, Bill and Timmy decided to "go public" with their story when they were contacted by a staff writer from the Providence Journal. A front page article in the October 10th issue entitled "A tale of two strangers who looked just alike" told their tale. On October 15, just a few days after the article had appeared in the Journal, the boys were contacted by Matt Lower from P.M. Magazine. He explained that the producer of the program had seen the article and expressed an interest in doing a feature on them. After some consideration, Bill and Tim called back and spoke with Mike Valareo, the producer. They then arranged a luncheon date to discuss the proposition.

The luncheon was held on October 28 at the Players Corner Pub in Providence. Besides Bill, Tim and Mike Valareo, program host Sheila Martines was also present. The discussion that followed the meal prepared the boys for the taping session, that was eventually scheduled for Monday, November 1.

The taping lasted from 10:30 a.m. until 5:00 p.m. on that date, with a half hour break for lunch. Bill and Tim were interviewed together and separately. They were filmed in their natural home environments and also at Stebbins field where they first met that memorable afternoon during the Bishop Hendricken - Cranston East football game.

The episode of P.M. Magazine will be aired

this Tuesday, November 16 at 7:00 p.m. on Channel 10. Bill is "anxious yet apprehensive" about the show and he believes that his brother Timmy feels much the same way. The program will only be seen in Rhode Island but it can be picked up by P.M. Magazine affiliates for use at a later date in other regions of the country.

While the P.M. Magazine episode was "in the works," another development had occurred. On October 25, both Bill and Tim were contacted by Dr. Segal from the Psychology Department at the University of Minnesota. The doctor explained that the university has been conducting a study of "identical twins reared apart" since March of 1979. Thus far, 33 sets of identical twins and 12 sets of fraternal twins have been studied. The purpose of the project is to determine whether certain traits, habits or mannerisms are genetically inherited or environmentally induced. Bill and Tim were asked to participate in the study and they have since agreed.

They will fly out to Minneapolis on January 8 and will stay for about one week. Almost all the expenses will be taken care of for them by the University. Five scientists are administering the study and twelve others are connected with it. Extensive assessments will be made in the areas of medical history, intelligence tests, special ability and personality measurement, motor skills, life stress, social life history, emotional responsiveness, interests, values and expressive style measurement.

Both Bill and Timmy are anxious about the trip and see it as an opportunity to "find out more about ourselves as individuals and more about each other." Bill can see himself writing a book someday about the exploits of him and his brother. Although more publicity may be on the way (and, at this point, a call from Johnny Carson probably wouldn't phase them in the least) both Tim and Bill would still rather remain "low key" and enjoy their privacy... Timmy Carpenter, working at his job in Cranston, and Bill Henry, playing that role of the average Bryant student, wandering around the unistrukture, late for yet another class.
